AVAILABLE OPTIONS

Choice of colors of textured powder coat finish
Recycling insert plate with choice of three sizes of hole

SPECIFICATIONS:

- **BPRT Series** bear resistant trash receptacle is designed and tested to keep bears out of your trash and recyclables.
- **Model BPRT2-72** has two hatches and two front doors and holds two included 36 gallon rigid liners. Dimensions: 46-5/16" wide, 47" tall, 29" deep.
- **Model BPRT3-108** has three hatches and two front doors and holds three included 36 gallon rigid liners. Dimensions: 68-5/16" wide, 47 tall, 29" deep.
- Receptacle meets ADA guidelines for forward and side reach.
- The receptacle features tightly fitted, self-closing hatches for depositing trash, and front access doors for removing the liners.
- Welded construction of 12 and 14 ga. formed steel shell reinforced with 1" x 1"x 18 ga. wall square tubing supports, welded to a 7 ga. base with six 25/32" dia holes for anchors. Anchor kit #ANC5-6 (six 1/2" x 5" concrete screw anchors) is included. Receptacle must be anchored to be considered "Bear Proof."
- Top is sloped for easy access to the 16" square hatch openings. The hatch is secured by a hinge and a self-closing commercial duty latch, mounted under a formed steel guard designed to fit human hands, not bear paws. Access for bears is also blocked by a raised obstacle built into the top of the receptacle.
- The front doors are 29" tall x 44" combined width for easy access to liners. Doors are 12 ga. steel mounted on a full length continuous hinge. Two self-closing latches secure each door at the top and bottom. A total of four latch points keep doors secure.
- Entire unit is finished in textured Brown powder coat paint.
- 36 gallon rigid plastic liners for each module are included.
- Trash or recycling decals are included, green on white vinyl self-adhesive, choice of design. Please specify when ordering.
- **Optional:** Choices of colors of textured powder coat finish. Available in green, black, or blue.
- **Optional:** Recycling insert plates finished in black powder coat. Available sizes are:
 - Model BPRP PC1**, 3" Dia. hole.
 - Model BPRP PC5**, 4-3/8" Dia. hole.
 - Model BPRP PC6**, 5-7/8" Dia. hole.
- Our Bear Proof Trash and Recycling Receptacles have been successfully tested by the Living With Wildlife Foundation (LWWF) and the Grizzly and Wolf Discovery Center (GWDC) using the Interagency Grizzly Bear Committee (IGBC) protocol.
