

*Model P-30/CR Planter with red powder coated vertical steel bars and decorative rosettes.*

## SPECIFICATIONS:

- **P-30 Series** planter is an assembly of a welded steel structure constructed of 3/8" x 1" rectangular solid steel vertical bars welded to 3/8" thick steel rings forming the cylindrical structure.
- Includes a heavy duty rigid plastic liner. Plastic liner available in black only.
- Top of planter is a 2-1/2" wide x 3/8" thick x 27" OD flat ring, decorative cast iron rosettes distributed equally around the circumference, and a 3/8" thick x 27" OD steel plate with a 22" dia. centered hole.
- The planter is 25-1/8" tall with a 27" outside diameter and a 22" inside diameter.
- Four welded angle iron brackets inside the base of the unit provide 5/8" dia. holes for anchors to secure the unit to hard surfaces. Model #ANC3-4 anchor kit is provided.
- Entire steel unit is finished in black powder coat (indicated by "/CB" in model no., e.g. P-30/**CB**).
- **Optional:** Color choices of powder coated steel components. For optional color choices see Specification Bulletin #SPC-CO-001.

- **Vertical Steel bars and rosettes matches our Oak Knoll trash receptacle**
- **Powder coat finish**
- **Includes rigid plastic liner**
