

Model CN-R/RR-55 Round Perforated Steel Trash Receptacle Holder for 55 gal. containers, red Thermo-plastic coated. Shown with optional CN-PD/A-27 Plastic Dome Lid.

- **52 or 55 gallon capacity**
- **Welded steel fabrication**
- **Thermo-plastic coated finish**
- **Large choice of color, lid, liner, and mounting options**

MOUNTING OPTIONS

- Model M1/G Strap Anchor Mount:** ground level concrete embedded installation
- Model M8/G Embedded Pedestal Mount:** elevated concrete embedded installation
- Model M7/G Surface Pedestal Mount:** elevated base plate on concrete installation
- Model M6/B Surface Ground Anchors:** four steel rod anchors for temporary location in lawns or on soft dirt.

CAN AND LINER OPTIONS

- Model CN/B-1828:** 52 gal. capacity rigid plastic liner
- Model CN/B-1829:** 55 gal. capacity rigid plastic liner

SPECIFICATIONS:

- **Model CN-R/R Series** trash receptacle is an all-welded construction, fabricated from a single piece of 14 ga. perforated steel with 9/16" dia. holes in a 13/16" center to center in-line pattern formed into a cylindrical shape.
- The receptacle is reinforced with 10 ga. top and bottom rings and die-formed cross braces across the bottom providing holes for anchoring options.
- **Model CN-R/R-52** is a 52 gal. capacity trash receptacle 26-1/2" O.D. x 25-7/8" I.D. x 29-3/4" high.
- **Model CN-R/R-55** is a 55 gal. capacity trash receptacle 26-1/2" O.D. x 25-7/8" I.D. x 36" high.
- **Standard:** All steel surfaces of the receptacle are covered with a thermo-plastic coating in a Brown color (indicated by "/RW" in model no., e.g. CN-R/RW-52 or CN-R/RW-55). The UV-stabilized thermo-plastic coating is applied in a multi step process of material preparation and finish application designed to permanently heat fuse and bond the finish to the steel. The thermo-plastic polyethylene finish is impact resistant, does not support mold or mildew, and the textured matte surface is less susceptible to marring and scuffing.
- **Optional:** Color choices of thermo-plastic coated steel components. See Specification Bulletin #SPC-CO-001.

LID OPTIONS

- Model CN-PD-27** Pilot Rock Plastic Dome Hatch Trash and Recycling Lids
- Model CN-2755** Steel Dome Hatch Lid
- T-27 Series** Steel Flat Lids: Trash Can Covers with a spring-loaded 10" dia. Hatch or without a Hatch.
- T-2710** steel flat lid, 10" diameter hole, available with optional rain cover and ash tray.
- T-27PC series** flat steel recycling lids with 3 sizes of center holes (3" dia. hole, 4-3/8" dia. hole or 5-7/8" dia. hole).
